

WOWLOF Season 5 Fixture List

Please find the regular season fixture list below. It is up to coaches to organise and play their games within the allotted time periods. Playing early and late can be agreed as required (on a case by case basis). Your WowLoF Journey is yours to control. You are encouraged to be proactive and look ahead. Don't wait until the first week of a period to start trying to get dates in the diary.

It is now easier than ever to organise games. Tom Gosling will be creating Facebook Events for each club night. You can post on the facebook page or watsapps group. You can message on Messenger. Might be worth sending friend requests sooner rather than later.

In the event that a game cannot be arranged the result will either be counted as 2-2 or 2-0 depending on if either coach was at particular fault. Coaches are expected to agree this (sensibly) amongst themselves. If need be the conference commissioner and league commissioner will "make a call".

All players **MUST** submit their results through the website after each game. If it isn't submitted – if never happened.

The website team will keep the league tables and player tables up to date.

Naming your players is not mandatory however having player names add fluff and enjoy ability to the league, they also make it easier for us to right previews for your games.
