

WOWLOF Season 4 Fixture List

Please find the regular season fixture list below. It is up to coaches to organise and play their games within the allotted time periods. Playing early and late can be agreed as required (on a case by case basis). Your WowLof Journey is yours to control. You are encouraged to be proactive and look ahead. Don't wait until the first week of a period to start trying to get dates in the diary.

It is now easier than ever to organise games. Tom Gosling will be creating Facebook Events for each club night. You can post on the facebook page or watsapps group. You can message on Messenger. Next to each team I have put **the coaches name (as it appears on Facebook) in brackets**. Might be worth sending friend requests sooner rather than later.

Ryan McKnight – I know you always forget who you are playing so I have listed your games first and in bold in each period.

In the event that a game cannot be arranged the result will either be counted as 2-2 or 2-0 depending on if either coach was at particular fault. Coaches are expected to agree this (sensibly) amongst themselves. If need be the commissioner will "make a call".

All players in Budweiser and Orcidas Conferences need to message the Commissioner on Messenger following games detailing the NAMES OF ANY PLAYERS WHO SCORED TOUCHDOWNS OR CAUSED CASUALTIES. Any players in Bugmans Conference need to message the Commissioner and Andy Hawkes on Messenger following games detailing the NAMES OF ANY PLAYERS WHO SCORED TOUCHDOWNS OR CAUSED CASUALTIES.

The commissioner will post updated league and best player tables on a fortnightly basis for Budweiser and Orcidas. Andy Hawkes will do the same for Bugmans.

The player names add fluff and enjoy ability to the league, they also make it easier to for the commissioner and Andy Hawkes to right cool previews to your games.
